It would seem as if our shippers ought to have much regard for the interest of their own trade and welfare in the matter of the proposed tariff especially as the former only has to pay a triflingly small sum for the privilege of carrying his goods safely and right. But if they prefer to occupy themselves with the question of the various terms and conditions of the sailing schedule, it may be said that the injury upon the form, it is very much to be regretted, but such a case can be submitted to.

**CITY OF PORTLAND.**

**NOTICE** is hereby given, that it is the intention of the City Council to lay out a new street or public way for the use of the city,—beginning at the intersection of the corner street and continuing to Kennebec street.

And the Joint Standing Committee of the Council on any left hand side of the streets, in pursuance of an order of the City Council, passed on the 21st day of November, will meet at the said place on Monday the 21st day of November at 10 o'clock in the afternoon. The terms of the above-mentioned paper of legislation, then read, thereupon to vote and the said bill was carried.

All persons interested in it will take notice and govern themselves accordingly.

Given under our hand this 12th day of Nov. 1894.

My head feels numb and stupid, and would be of constant trouble to me. I tried every remedy that could be thought of, but to no avail. I would have no hope to do with them. I was told to try the "Metaphysical Discovery," and used it according to directions on the bottle. And the result is, that I feel better than I have ever felt before. I can bear well as any man. The great trouble I had I entirely gave. My head feels perfectly clear, and I feel as if I were a new man. I am entirely cured; and I have recovered my voice. I would not waste one thousand dollars for any other medicine than the "Metaphysical Discovery."

 I wish to certify that nine months ago I was afflicted with Neuralgia in the most violent form. I was unable to eat or sleep, and was in great distress. I tried every remedy that could be thought of, but to no avail. I was told to try the "Metaphysical Discovery," and used it according to directions on the bottle.
